9.20	Hillary Hanahoe	Welcome from RDA and launch of RDA EU legal entity
9.30	Session 2: Scientific Developments in Coming Decade - Barend Mons (Chair)	
9.35	Matthias Scheffler	Perspectives in Material Science
9.55	Andre Dekker	Perspectives in Health Science
10.15	Arturo H. Ariño	Perspectives in Biodiversity Science
10.35	Andreas Rauber	Technological Perspectives
10.55		Discussion
Lunch Break		
12.30	Lunch Break	
13.15	Session 3: EOSC Perspectives – Dimitris Koureas (Chair)	
13.20	Karel Luyben	EOSC Expectations Regarding Data from Science
13.50		Discussion
14.30	Session 4: Place of RDA and GEDE in Developing Landscape – Jean Claude Burgelman (Chair)	
14.35	Edit Herczog	RDA Europe Directions
14.55	Carlo Zwölf	RDA GEDE Directions
15.20		Discussion
16.00	End	

**Peter Wittenburg**

Co-chair of RDA GEDE, Founding Member RDA  
Senior Advisor Max Planck Computing & Data Facility  
Electrical Engineering & ICT Background

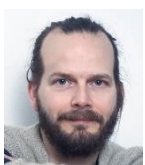

**Barend Mons**

Professor in Biosemantics at the Leiden University Medical Center  
Founder of the GOFAIR Initiative and President of CODATA  
Molecular Biology Background

**Matthias Scheffler**

Director Theoretical Department Fritz-Haber-Institute of Max Planck Society  
Chairperson of the Novel - Materials Discovery Group (NOMAD)  
Material Science Background

**Andre Dekker**

Professor of Clinical Data Science  
Manager of Research and Education, head of IT and head of Medical Physics  
Medical Physicist Background

**Arturo H. Ariño**

Professor of Ecology at the University of Navarra  
Researcher in ecology, biodiversity informatics, and data analytics.  
Marine Biology Background

**Andreas Rauber**

Professor for Computer Science at TU Vienna  
Head of Information and Software Engineering Group at TU Vienna  
Computer Science Background

**Dimitris Koureas**

Director of the Int. Biodiversity Research Infrastructures programme at Naturalis  
Coordinator of the Distributed System of Scientific Collections (DiSSCo)  
Biosystematics and biodiversity informatics background
